California Agricultural Employment And Earnings Bulletin

Serving the People of California

November 1992

OCTOBER 1992

This bulletin covers 27 agricultural industries statewide, and from five to seventeen industries in each of six regions. The regions are the San Joaquin Valley, South Coast, Desert, Central Coast, Sacramento Valley, and North Coast (refer to map for details). The data are organized into sets of tables by state and region:

- · Wage and Salary Workers (Table A).
- Agricultural Production Workers (Table B).
- Average Weekly Earnings of Production Workers (Table C).
- Average Hours Worked by Production Workers (Table D).
- Average Hourly Earnings of Production Workers (Table É).

There were 357,800 workers employed in California agriculture during October, 51,900 fewer than in September (Table 1-A). This figure is one percent above the October 1991 total. Most of this month-over job loss occurred in the San Joaquin Valley Region (Grapes and Farm Labor Contractors). The Central Coast Region (Berries) and North Coast Region (Grapes) accounted for most of the rest of this decline. The Desert Region recorded a moderate increase in employment (Farm Labor Contracting), and one other region, the South Coast, also recorded a small addition.

Wage and Salary Workers in Agricultural Establishments

For October 1992 (In Thousands)

Industry	State- wide	San Joaquin	South Coast	Central Coast	Desert	Sacra- mento	North Coast
Total Agricultural	357.8	145.2	60.7	66.6	34.0	35.1	15.5
Total Crops	206.7	75.1	40.4	40.6	11.8	27.1	11.3
Total Livestock	25.7	13.8	. 2.1	1.0	5.1	2.5	1.8
Total Services	125.4	56.3	18.2	25.0	17.1	5.5	2.4

Source: Tables 1-A through 7-A.

CHANGES FROM ONE YEAR AGO

Employment this October was little changed from October 1991, up 3,800. Increases in Berries and Crop Services were offset by a decline in Grapes. Farm Labor Contracting and Berries accounted for gains in the South Coast and Central Coast Regions. There were also small employment increases in the Sacramento Valley and Desert Regions. Employment losses in the San Joaquin Valley Region (Farm Labor Contracting and Vegetables & Melons) and North Coast Region (Grapes) moderated the above increases. (Tables 1-A through 7-A.)

The October average hourly earnings of \$6.63 were 10 cents above the year-ago level. (Table 1-E).

WHITEFLY

Results of our September Whitefly survey in Imperial and Riverside Counties (Desert Region) reveal that 43 employers (or 30%) of the 143 respondents were affected by the whitefly. The greatest affect was in melons with eleven respondents not planting melons this year; next was broccoli with eight respondents not planting this year. Other affected crops were cauliflower, lettuce, cabbage, broccoflower and the general category of "produce". The alfalfa harvest was cut short and at least one cubing operation was not active this season. Employment in Farm Labor Contracting, Pesticide services and Cotton Ginning were also adversely affected. Some growers planted alternative crops, mainly Sudan grass, alfalfa and onions.

REGIONAL CROP ACTIVITIES

According to the California Farm Labor Report (881A), the major regional crop activities during October were:

Desert None

South Coast: Horticulture, tomatoes, and strawberries, (harvest),

miscellaneous vegetables (plant, cultivate & harvest).

Central Coast: Broccoli, lettuce, grapes, and cauliflower (harvest).

strawberries and miscellaneous vegetables

(preharvest/harvest), horticulture (plant, cultivate &

harvest).

San Joaquin Valley: Grapes, cotton, olives, alfalfa hay, valencia oranges, and

corn for silage (harvest), pistachio (pick-up/hand) miscellaneous vegetables (plant, cultivate & harvest).

Sacramento Valley: Kiwi, olive, and strawberry plants (harvest).

North Coast: Grapes (harvest).

AGRICULTURAL PRODUCTION WORKERS

Statewide agricultural production worker employment was 328,000 in October, down 52,000 from September. (Table 1-B.)

The statewide average weekly earnings for production workers were \$269.84 in October. Average weekly earnings ranged from a low of \$241.70, in the Desert Region, to a high of \$310.80 in the Central Coast Region. (Tables 1-C through 7-C.)

The statewide average hourly work week for production workers was 40.7 hours. The North Coast Region recorded the shortest average hourly work week, 34.0 hours. The longest average hourly work week, 43.7 hours, was in the Sacramento Valley Region. (Tables 1-D through 7-D.)

Average Hourly Earnings of Production Workers

Total Services	6.76	6.37	6.91	7.88	6.16	6.54	7.96

Source: Tables 1-E through 7-E.

DATA SOURCES:

The data are obtained from two sources: the Employment Development Department (EDD) Unemployment Insurance (UI) files, and a monthly survey, conducted by the Labor Market Information Division of EDD, of 4,000 agricultural employers. This sample, about 12 percent of the employers, was selected to be statistically representative of the state's agricultural employers by size, geographic location and industry categories.

Sample data are gathered for the week that includes the 12th calendar day of the month; thus all data in these bulletins represent activities taking place during this midmonth period.

DATA COMMENTS:

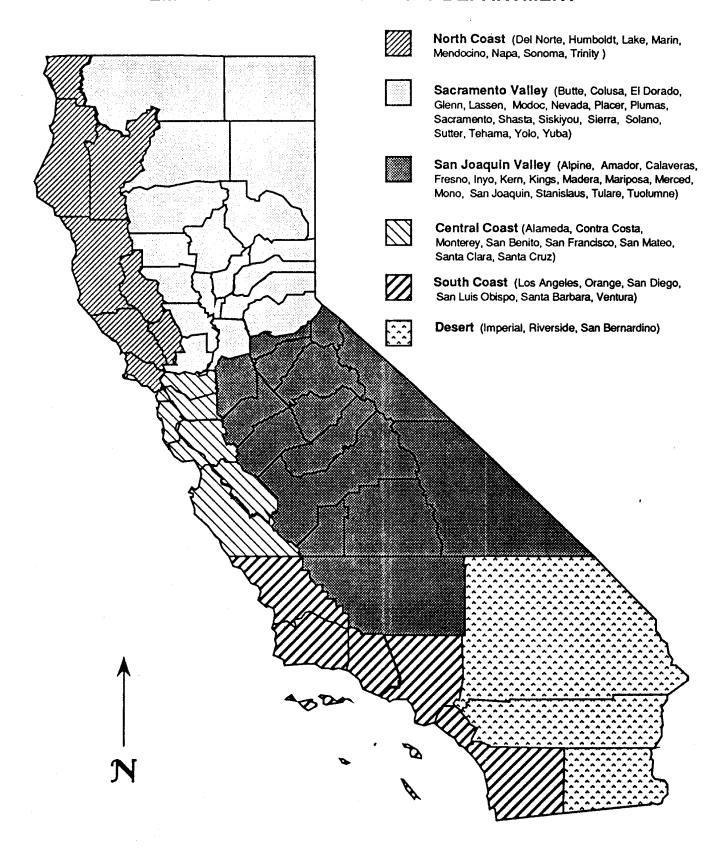

ESTIMATES FOR THE STATE AND SIX REGIONS ARE INDEPENDENTLY DERIVED. THEREFORE, THE SUM OF THE REGIONAL ESTIMATES WILL NOT NECESSARILY EQUAL THE STATEWIDE TOTAL.

To aid in accurate usage and interpretation of the data, please note the following:

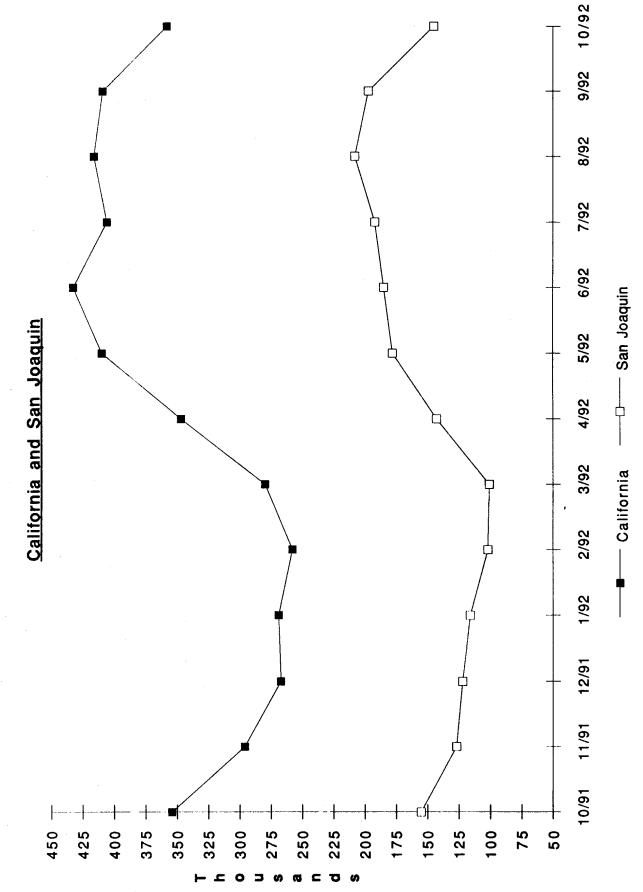

- Employment data do not include employers or unpaid family workers.
- Figures for the current month are preliminary and subject to revision.
- Total agricultural employment estimates in this bulletin are derived from a monthly sampling project: the Current Employment Statistics for Agriculture. Estimates in this bulletin will differ from other agricultural estimates published by this department because of differences in the number of agricultural industries covered and in the definition of workers.

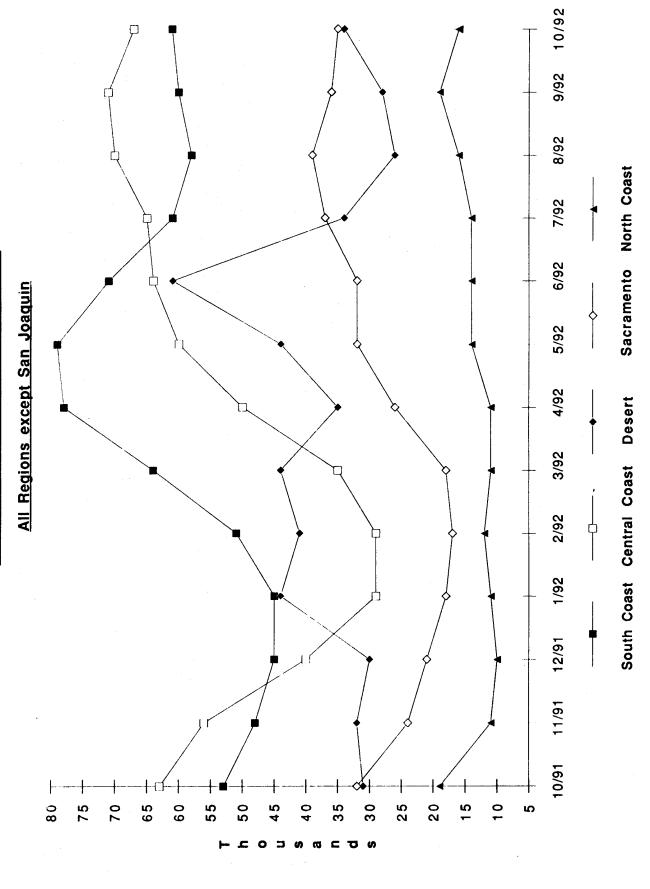

If you wish to be placed on our mailing list to receive future issues of this publication, please send your name and address to: Special Projects Unit, Labor Market Information Division, Employment Development Department, P.O. Box 826216, Sacramento, CA 94299-9994 or call (916) 262-2321. (ATSS 8-469-2321).
